

## HANDY TIMETABLES

The receipt of our SODC free-bus passes have motivated us to start using the local buses, especially to go to Didcot and, since the Express X32 started, to Oxford too. Notice that the trip to Oxford can be as little as 40 minutes which must compare favourably with driving to Redbridge and using the Park and Ride.

A timetable is essential as most stops and services do not provide them – indeed many do not even tell you about which service stops there. The timetables on the right have been extracted from [www.traveline.org.uk](http://www.traveline.org.uk) which is supposed to be definitive (and contain maps, precise stop locations, how to get bus times texted to a mobile and other information). They are sized to fit a card wallet – email me if you want a larger version.

Not all services use all major Didcot stops at Broadway, Orchard Centre and the Railway Station, and it may not be intuitively obvious which side of the road to wait. Treat all stops as request stops so stick your hand out – drivers are not necessarily aware of what stops they are obliged to make. Mysteries remain – some drivers want to know where you're going, others don't, and some drivers issue tickets – usually a return whether you want one or not - and others don't.

Be aware – and this applies mainly to residents at the Village Hall end of the village – that the S. Didcot loop service, No 92, from an unmarked stop opposite 89 Green Close is as close as the war Memorial. So on these summaries I've included that stop. It turns into a No 93 so you can continue the ride further up the Broadway.

Don't forget East Hagbourne's very own bus service; the Friday only 131 which starts from Windsor Crescent at 10:26 and allows you about 2 hours in Wallingford. Traveline has all the details.

Note: Orchard Centre used except where noted otherwise.

**General Notes:**  
 "Stop" refers to the East Hagbourne end of the journey. N means bus leaves in the direction of Didcot, E towards Blewbury, and SW though the village. M-F means Monday to Friday, M-S means Monday to Saturday. The X32 drops you at Castle Street but is picked up at St Aldates for the return. It originates at Chilton so can be picked up along Wantage Road prior to leaving Didcot for the non-stop journey.
